Subject: MEDIA OWNERSHIP/CONSOLIDATION PROCEEDING DOCKET 06-121.

We oppose media consolidation. The deregulation of the telecommunications has been a disaster to Democracy. There are now 6 huge media corporations that control TV, radio, news, cable and Internet. When a corporation owns the newspaper and other media, we lose a lot of voices. The content to radio, print, TV, etc has become homogenized. We lose local voices in our communities as well as state and national news. This is not good for democracy. The news outlets are supposed to inform the public and be the eyes and ears/watchdog to any problems, corruption of government, industries, corporations, etc. Investigative reporters are important because they inform the public, but when there are few corporations who are only interested in profits and not providing information, then again we lose.

Please ensure diversity, localism and independence in our media. The FCC needs to stand with the public and oppose any further concentration of media ownership in the hands of the few. DON'T CONSOLIDATE my MEDIA; Oppose 06-121. A vote against media consolidation is a vote for democracy.

Thanks,
